

H.D.S. side module carrier 3U / 14HP

H.D.S. side module carriers are 14HP wide 3U assembly carriers for the insertion of H.D.S. modules. Up to 24 ports can be distributed to 2 individual modules. The slide-in modules can be pulled out completely.

Units are fastened on thread plates. This permits a fast and easy installation. The mini-module carrier can be combined with H.D.S. modules.

The side cabinet mounting makes it possible to realize a space saving, especially climate friendly cabling without disturbing the air flow.

Characteristics:

Material	Metal
Color	Gray, RAL 7035
Color	metallic glossy
Installation depth	190 mm
Keystone module	Distributed for max. 24 ports to 2 individual modules
Application area	Little space in the cabinet, high flexibility, individual expansions, e.g. in data centers, no influence on the cold duct due to side mounting
Packaging unit	1 unit in cardboard box

Designation

Order number

H.D.S. side module carrier empty	AVMSB314
H.D.S. side module carrier slide-in 1x H.D.S., 7HP	AHVSPV01
H.D.S. side module carrier slide-in 3x H.D.S., 14HP	AHVSPH03
H.D.S. side module carrier slide-in 4x H.D.S.	AVHSPBH04
Blind plate	AVMB0000
